

INDICATORI DE EFICIENTA ENERGETICA pentru ROMANIA in perioada 1990-2014

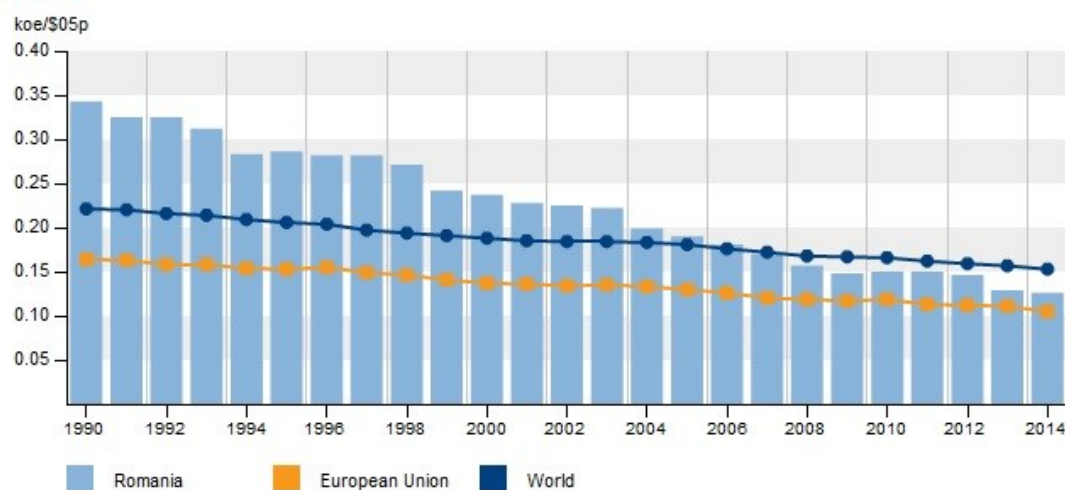

cu date si definitii publicate pe site-ul WEC:

<http://www.worldenergy.org/data/efficiency-indicators/>

INDICATORI GLOBALI

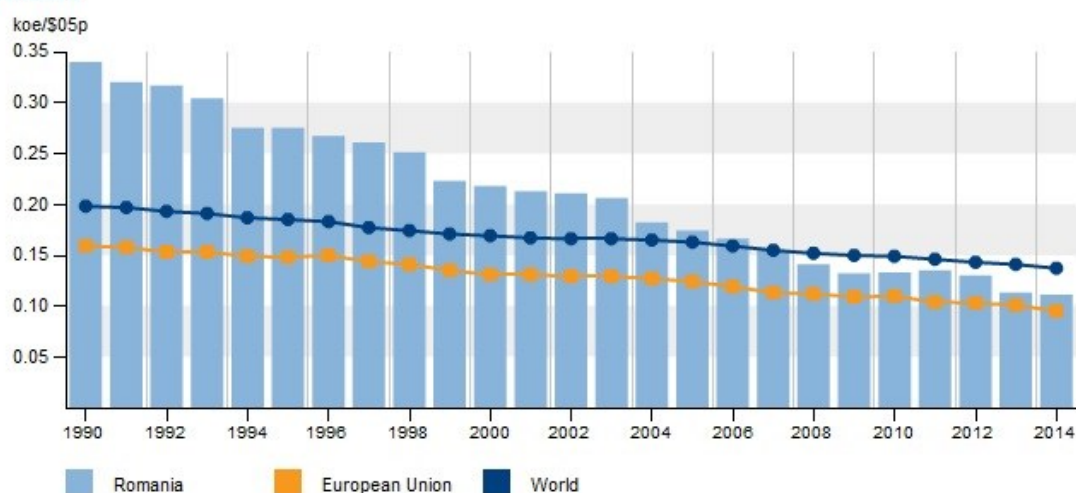

Intensitate energetica primara

Romania

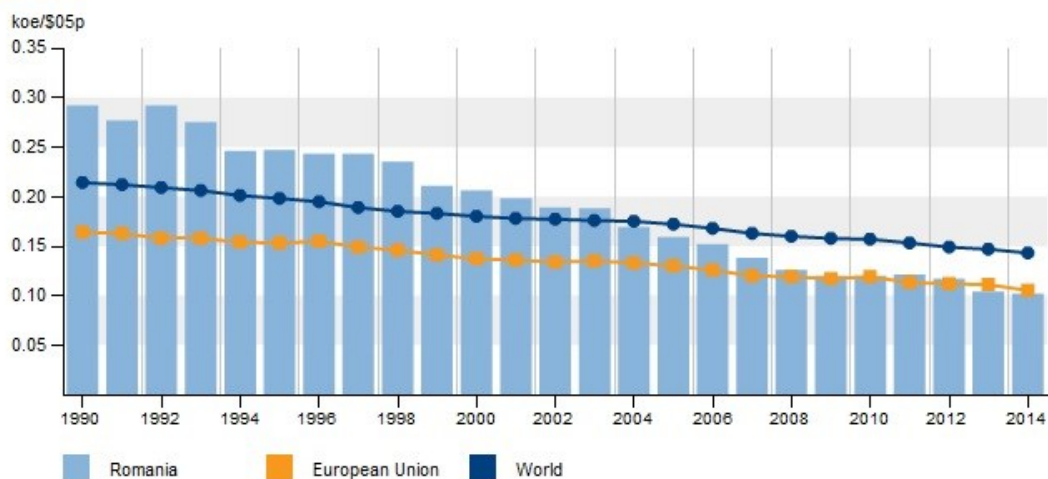

Intensitate energetica primara exclusiv biomasa

Romania

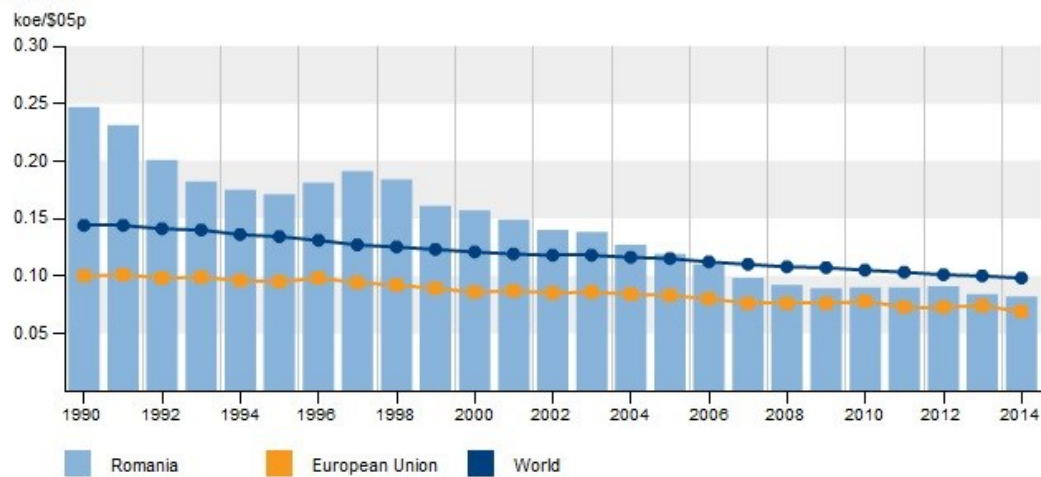

Intensitate energetica primara ajustata la structura economica UE

Romania

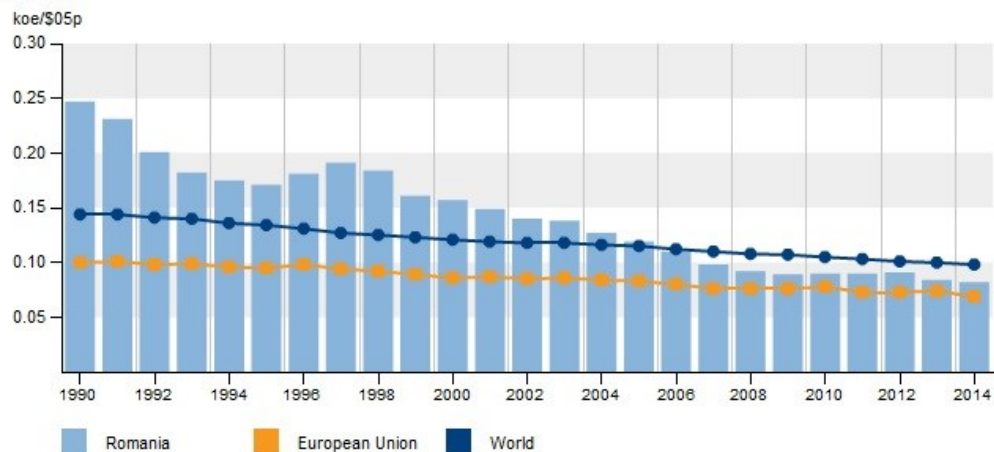

Intensitate energetica finala

Romania

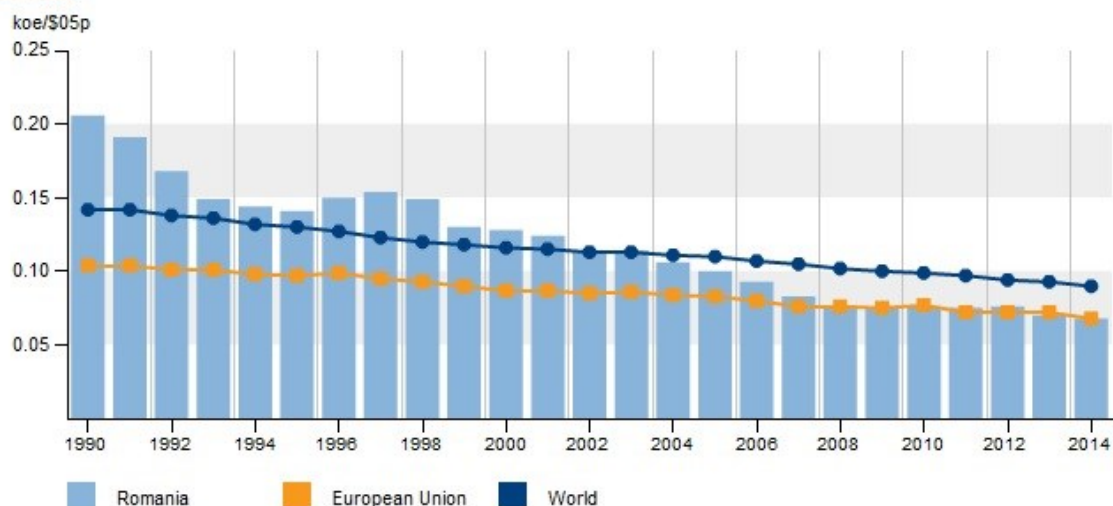

Intensitate energetica finala raportata la structura PIB 2005

Romania

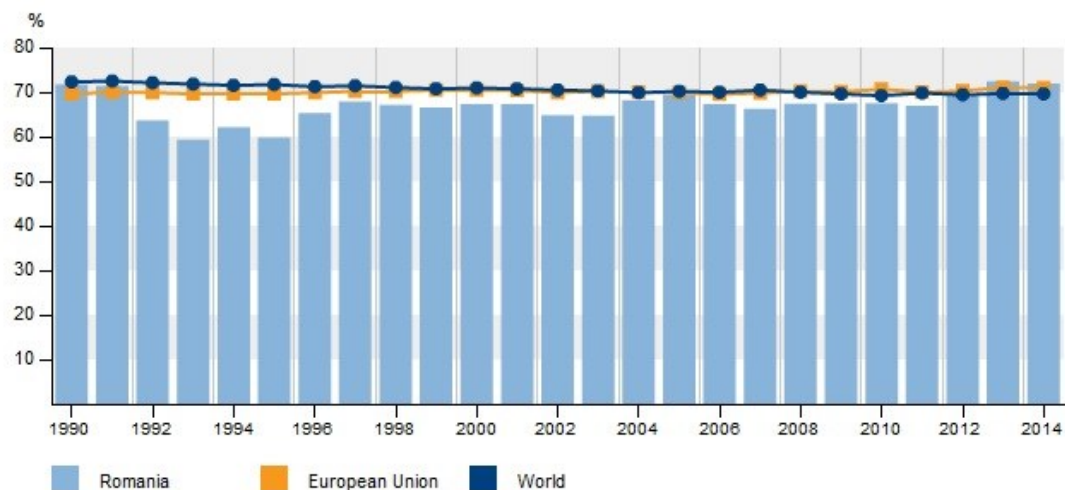

Intensitate energetica finala ajustata la structura economica a UE

Romania

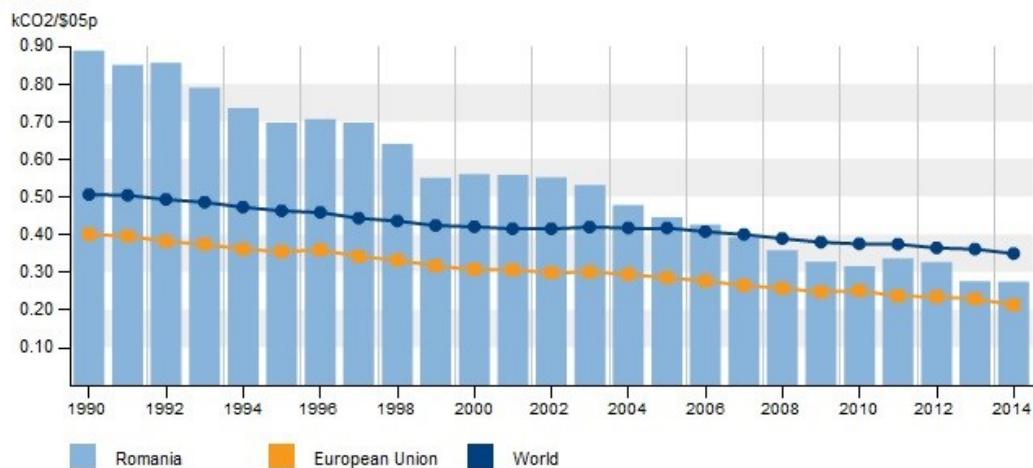

Raport intensitate finala/intensitate primara

Romania

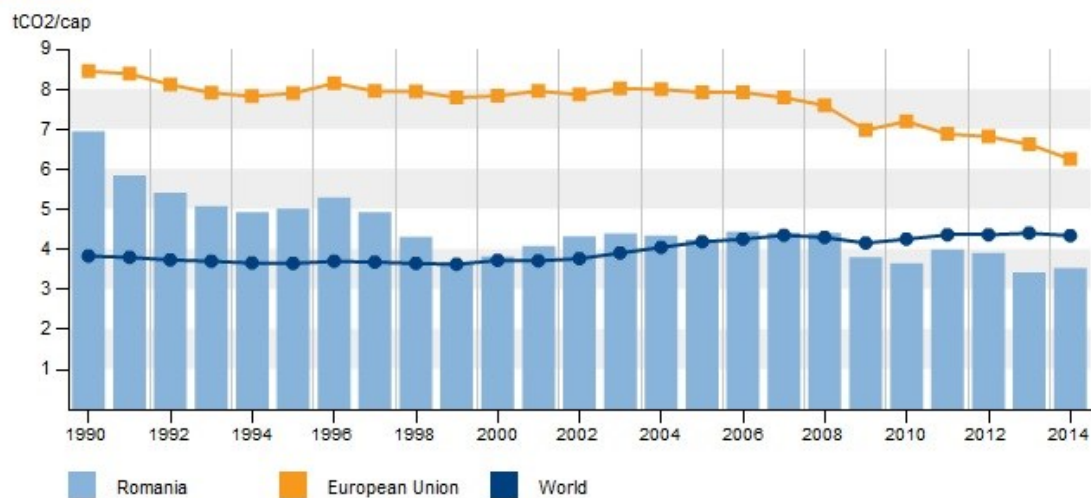

Intensitate CO₂

Romania

Emisii CO₂ pe cap de locuitor

Romania

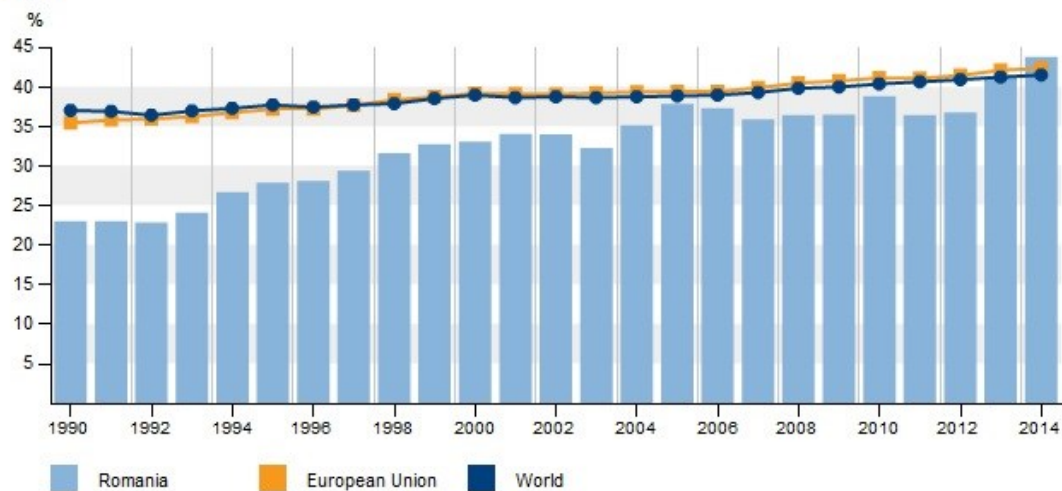

SECTORUL ENERGETIC

Eficienta centralelor

Total

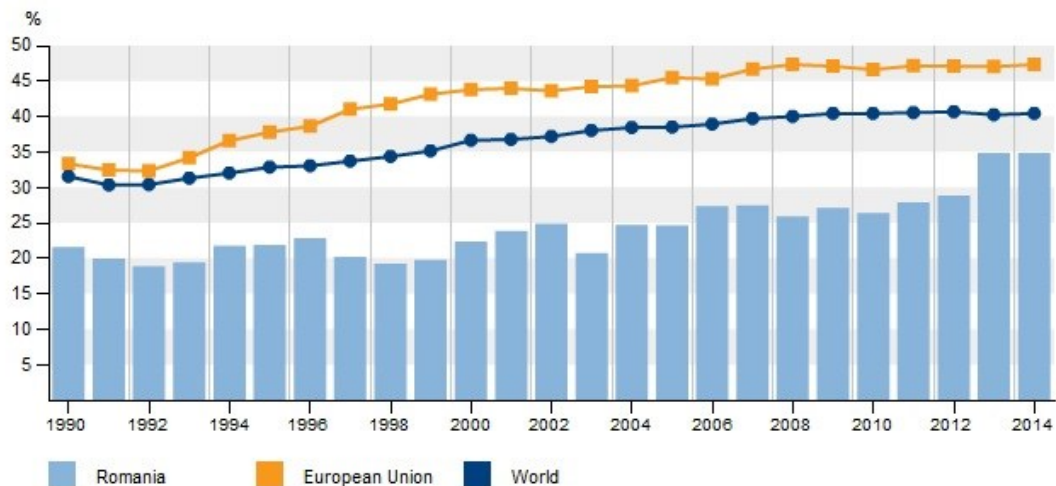

Eficienta producerii energiei electrice

Romania

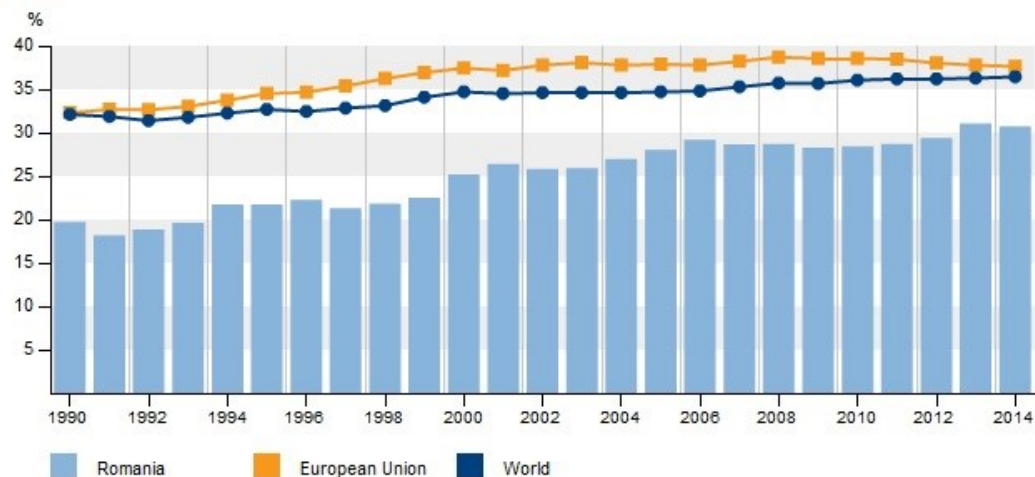

Eficiența centralelor electrice pe gaz

Romania

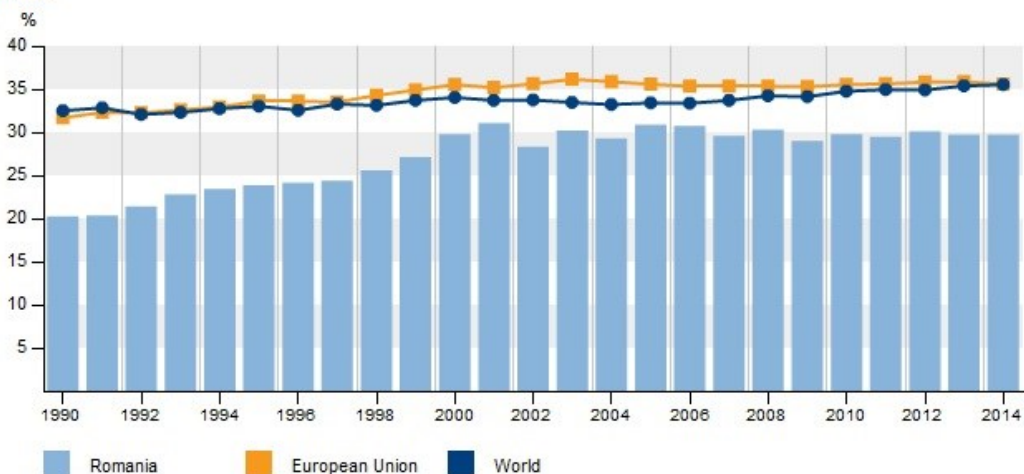

Eficiența centralelor termoelectrice

Romania

Eficiența centralelor electrice pe carbune

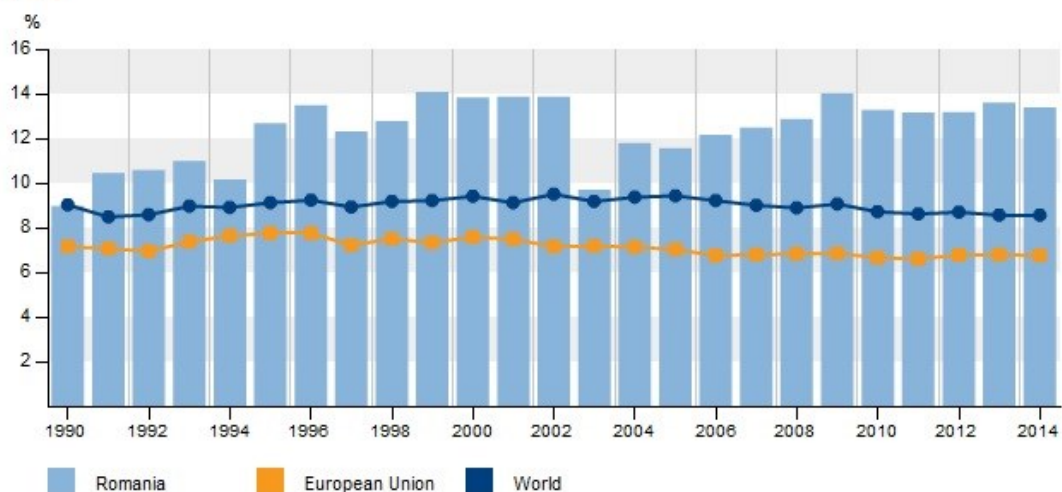

Romania

Ponderea tehnologiilor eficiente

Rata pierderilor de energie electrica in transport si distributie

Romania

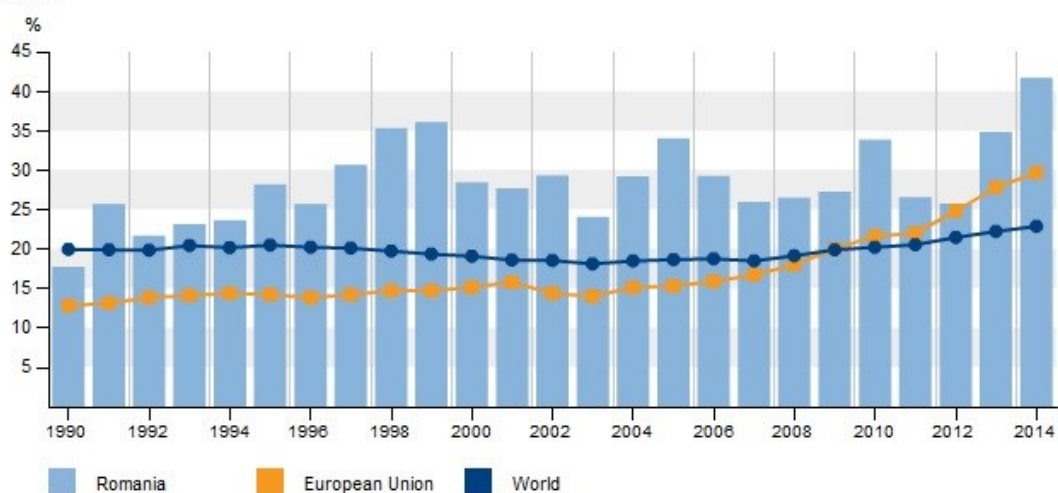

Cota regenerabilelor

Total

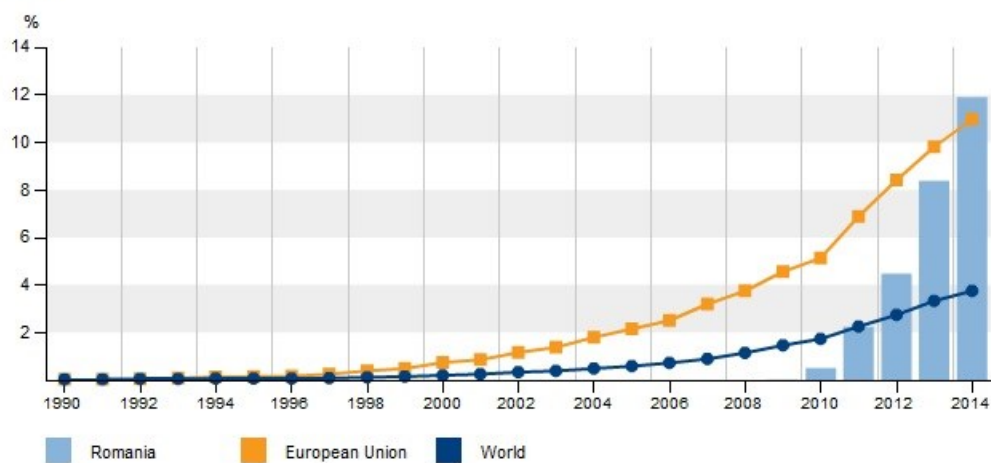

Ponderea regenerabilelor in productia de energie electrica

Romania

Ponderea energiei eoliene si solare in productia de energie electrica

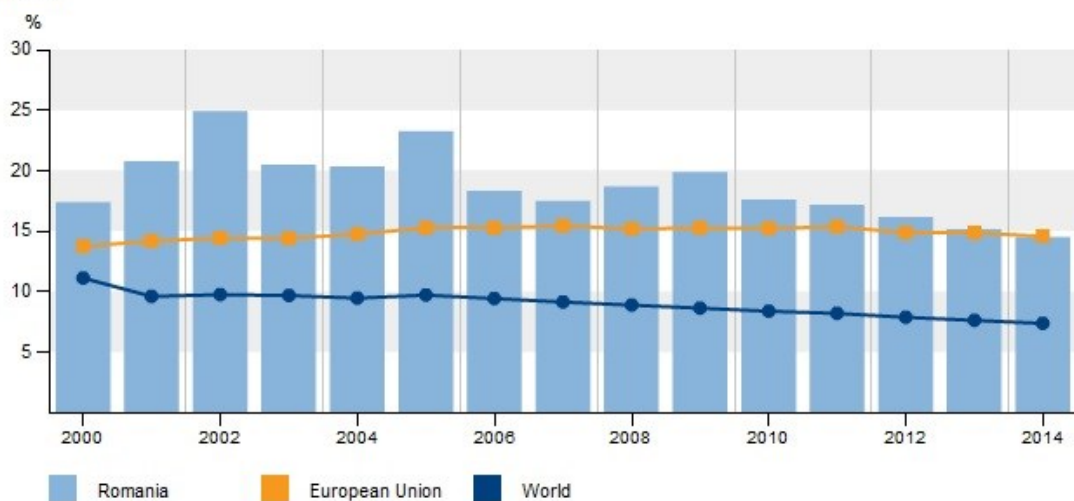

Romania

CHP

Ponderea CHP in puterea instalata

Romania

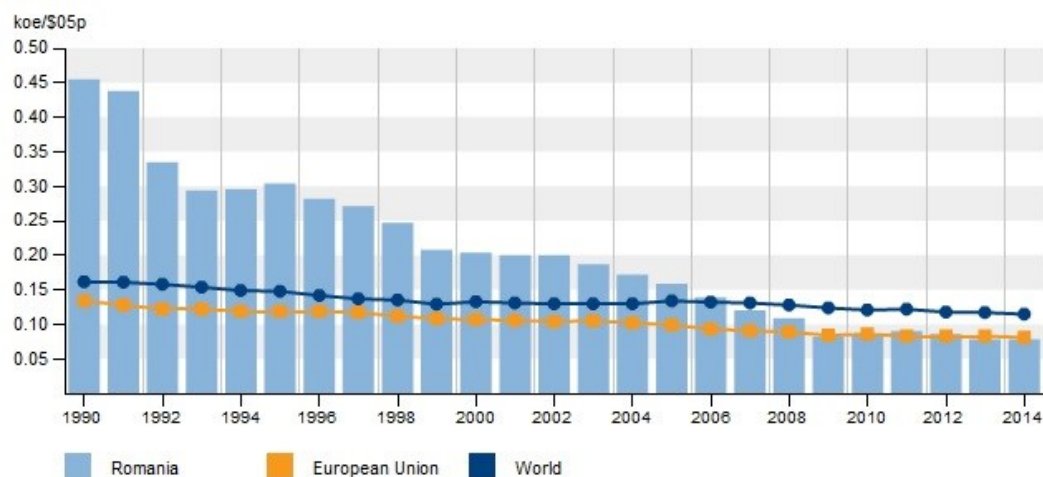

INDUSTRIE

Industria oțelului

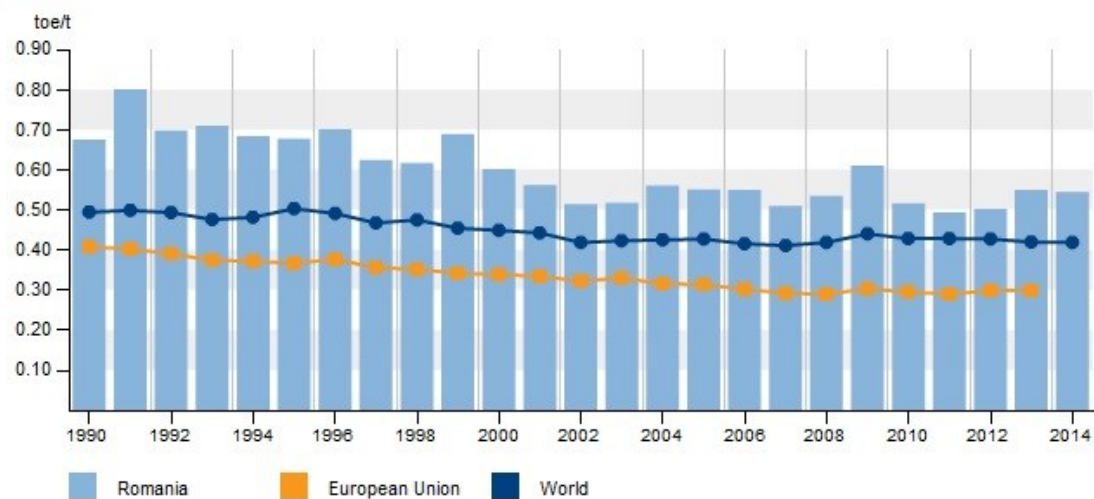

Intensitatea energetică pentru industrie (la valoare adăugată)

Romania

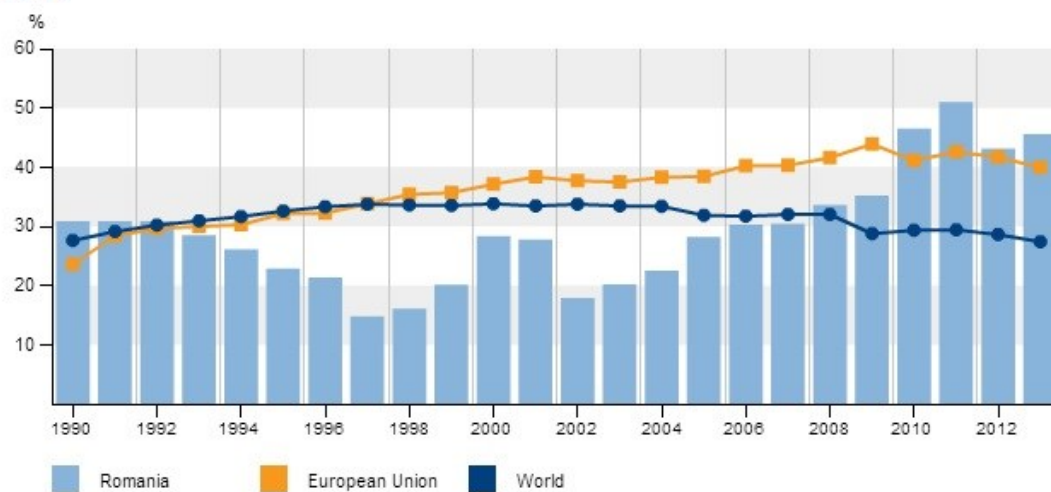

Consumul specific de energie pentru oțel

Romania

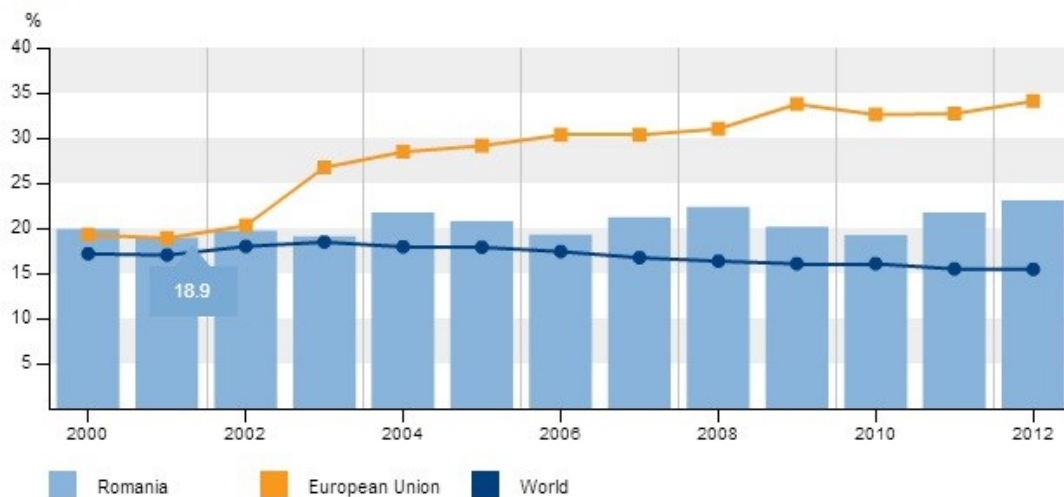

Ponderea proceselor electrice pentru productia de hotel

Romania

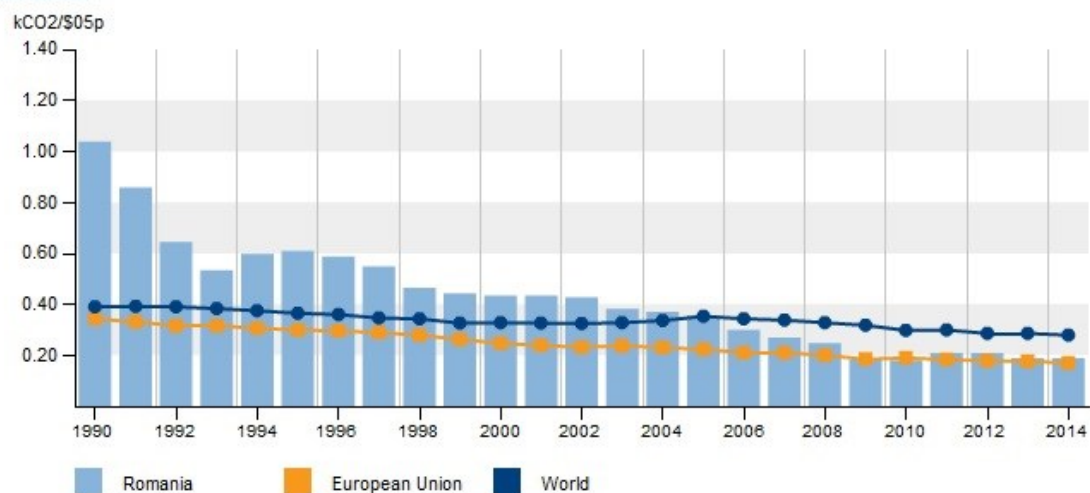

Ponderea CHP industrial in consumul de energie electrica al industriei

Romania

Intensitatea CO2 pentru industrie (la valoarea adaugata)

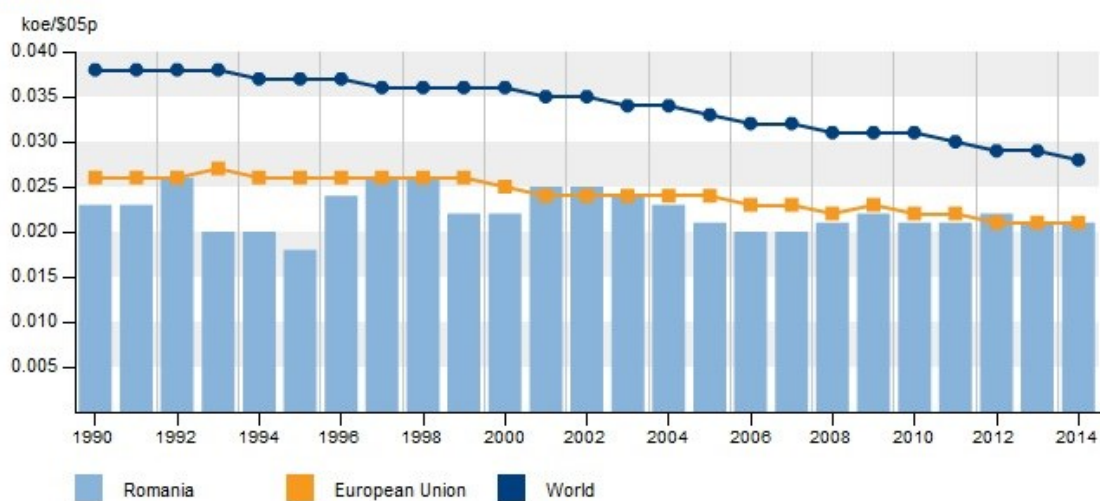

Romania

TRANSPORT

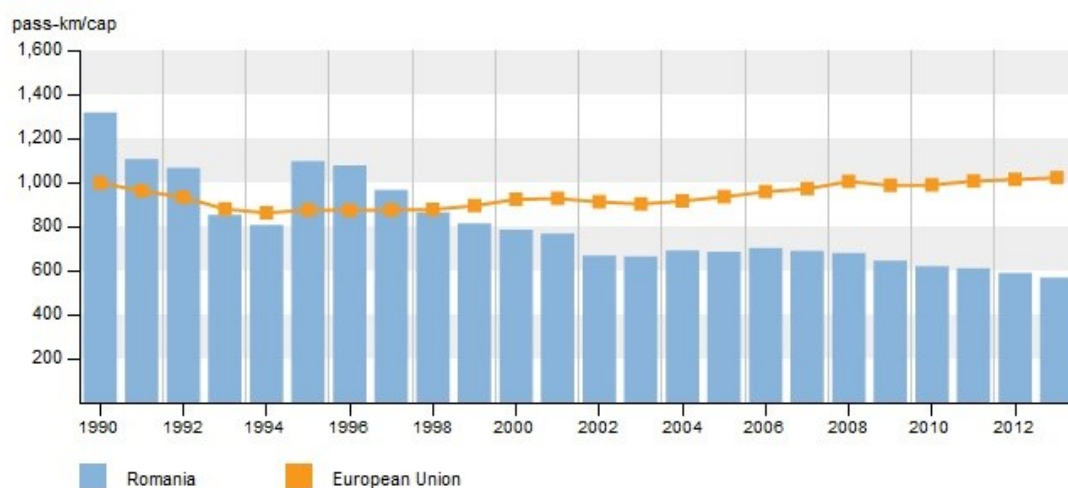

Intensitatea energetica pentru transport raportata la PIB

Romania

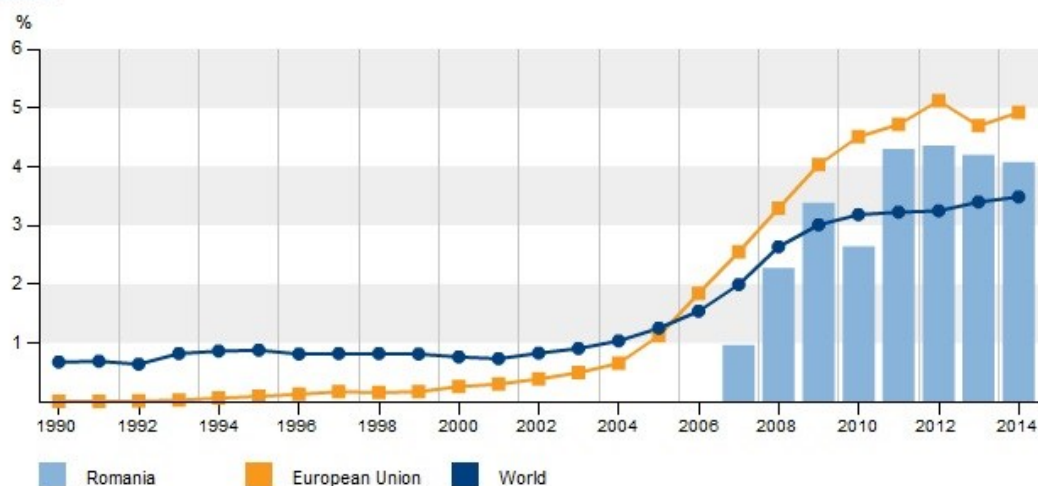

Transportul feroviar al pasagerilor (pass-km/cap)

Romania

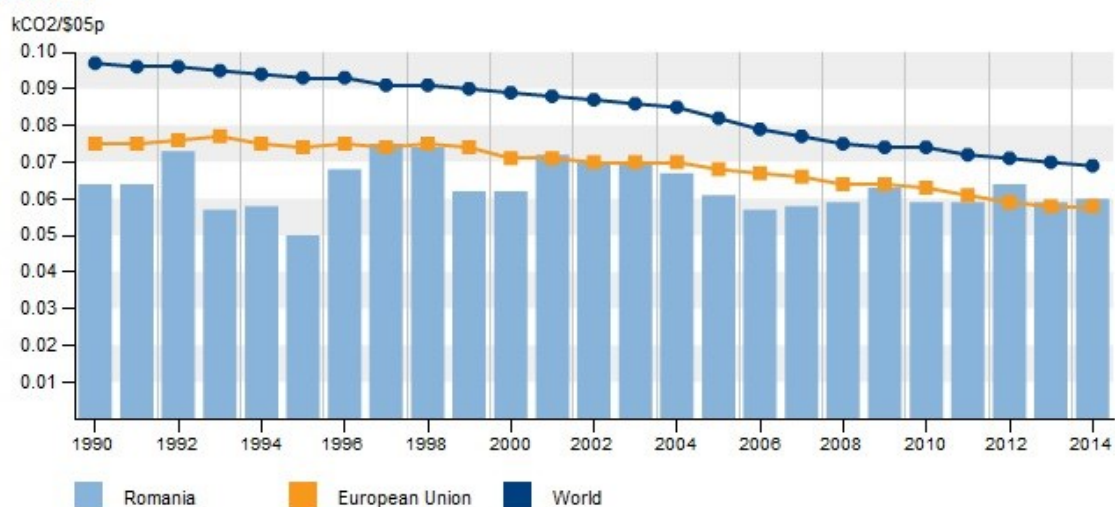

Ponderea biocombustibililor in consumul de energie al transportului rutier

Romania

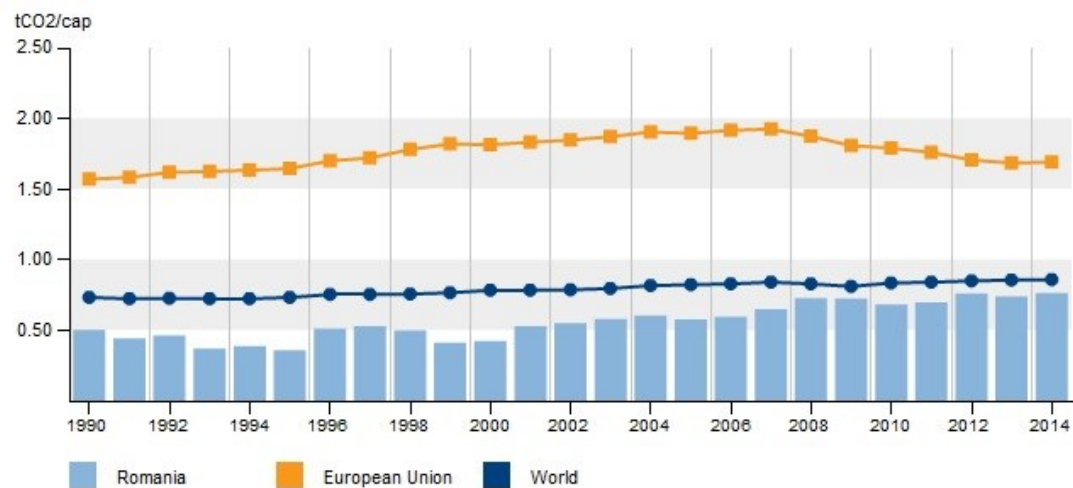

Intensitatea CO₂ pentru sectorul transport raportat la PIB

Romania

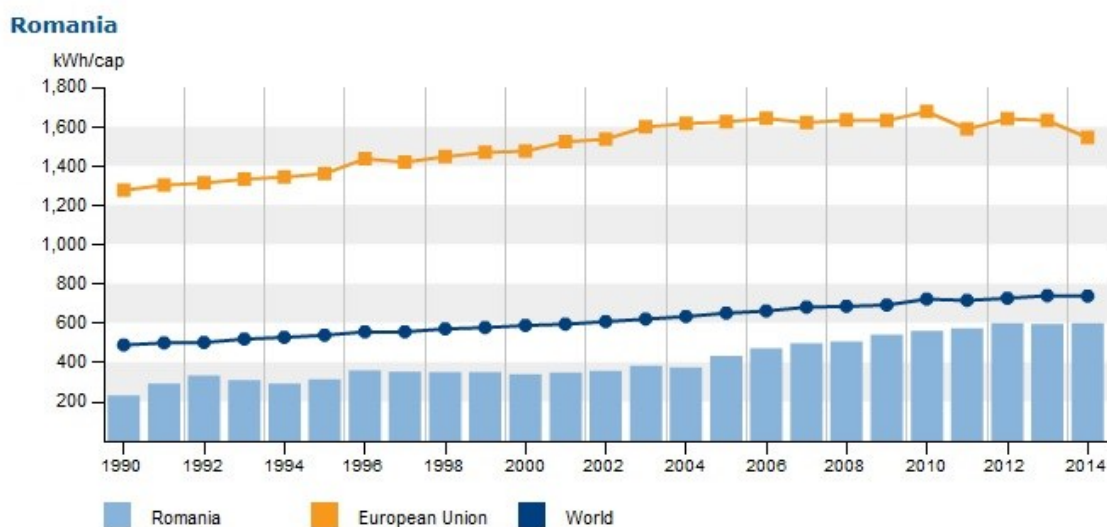

Intensitatea CO₂ pentru transport pe cap de locuitor

Romania

SECTORUL CASNIC

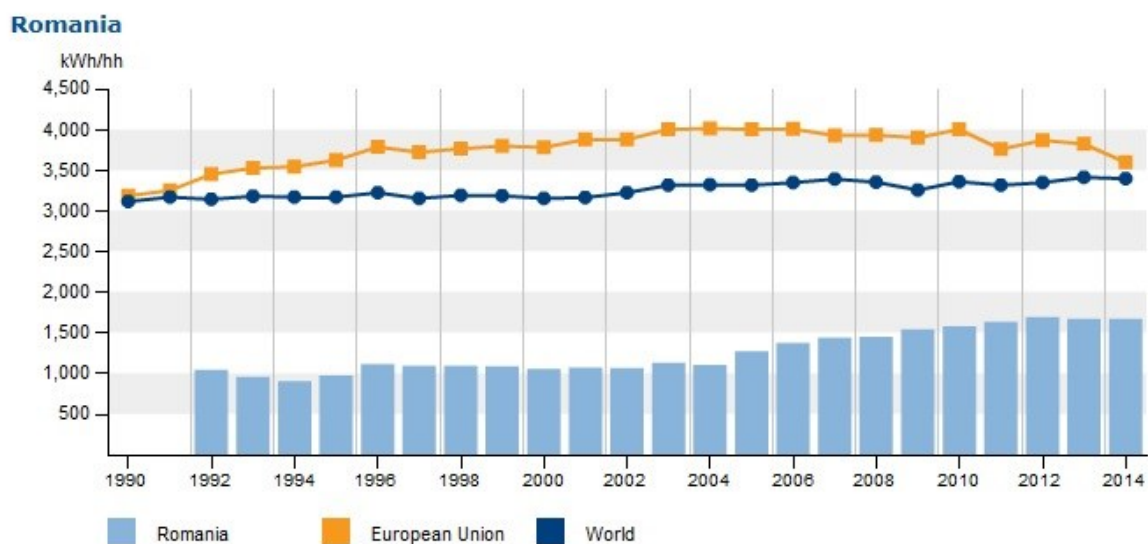

Media consumului de energie electrica al locuintelor pe cap de locuitor

Consumul de energie electrica pe locuinta

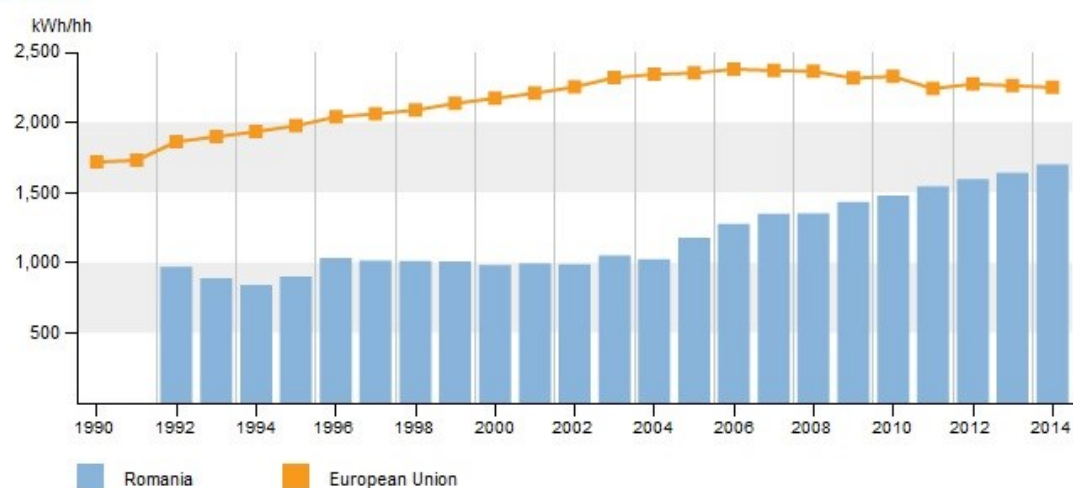

TOTAL

Media consumului de energie electrica pe numar de locuinte electrificate

Consumul de energie electrica al aparatelor electrice si iluminat raportat la numarul de locuinte

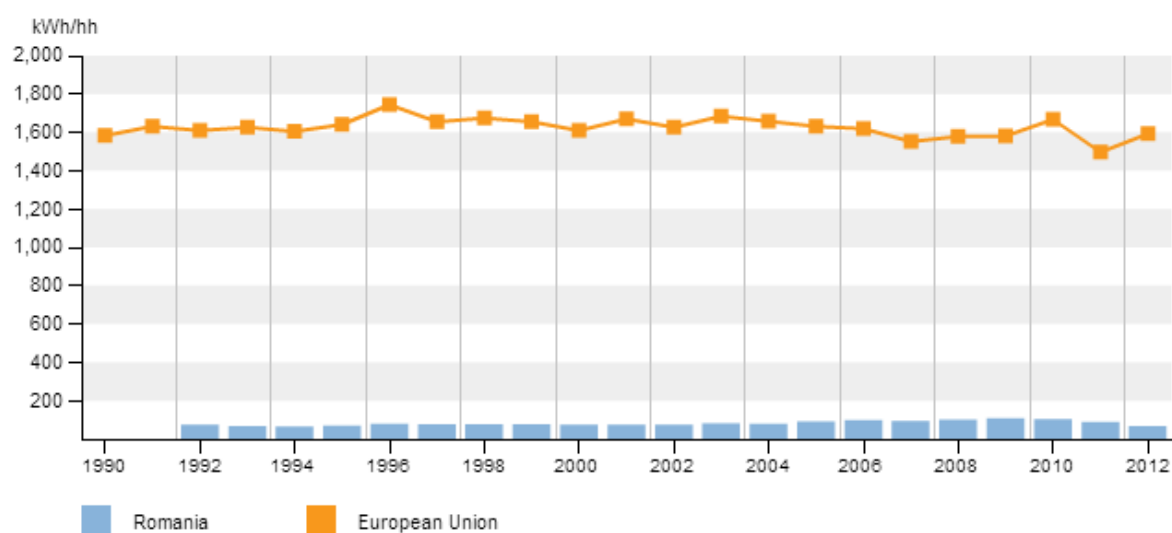

Romania

Consumul de energie electrica pentru utilizare termica raportat la numarul de locuinte electrificate

Electricity consumption for thermal uses per electrified household

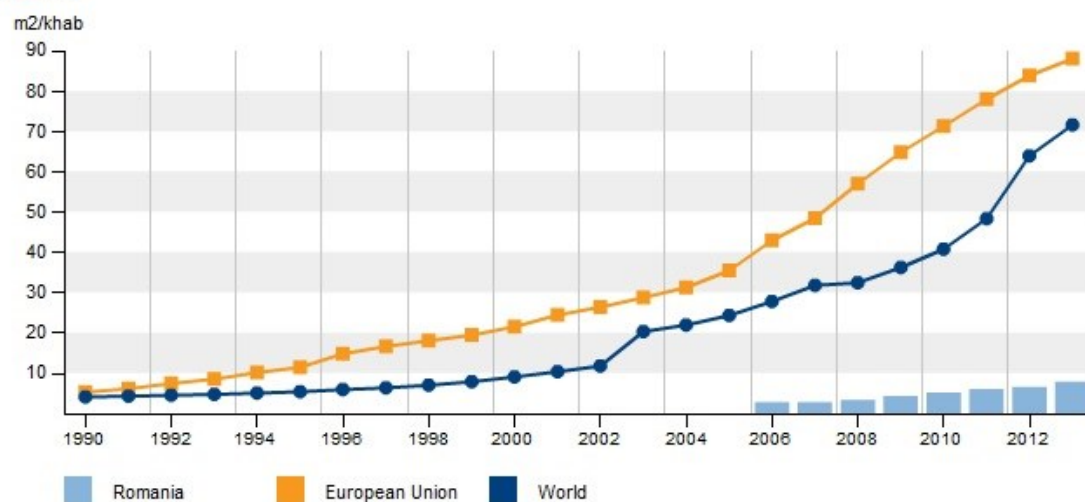

Romania

Incalzitoare de apa solare pe cap de locuitor

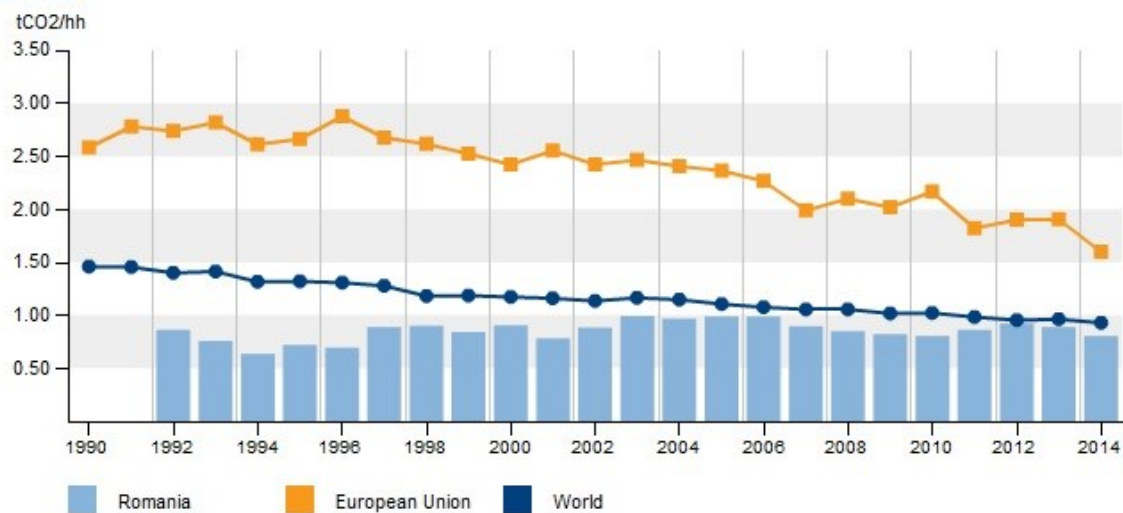

Capacitatea instalata a incalzitoarelor de apa solare raportata la 1000 locuitori

Romania

Emisiile de CO₂ al sectorului rezidential raportat la numarul de locuinte

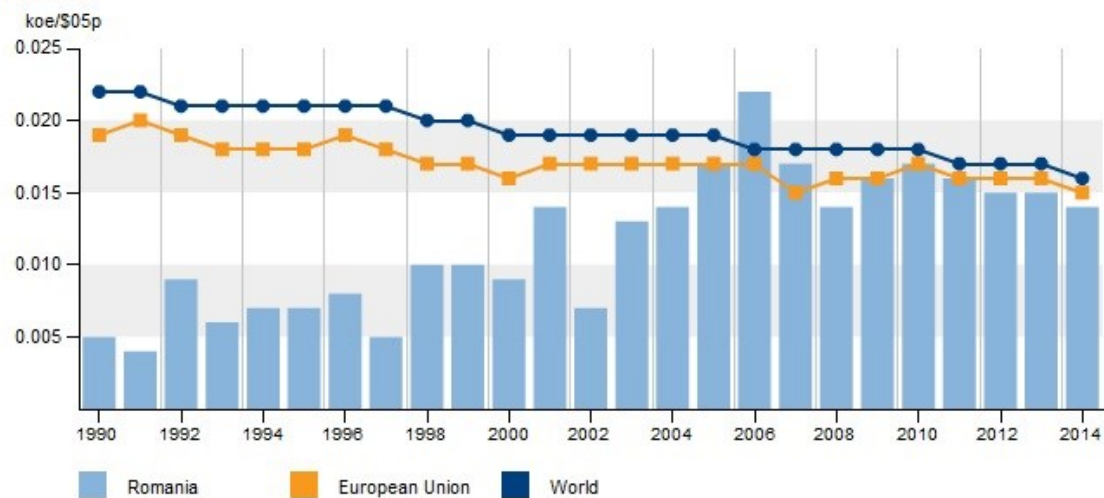

Romania

SERVICII

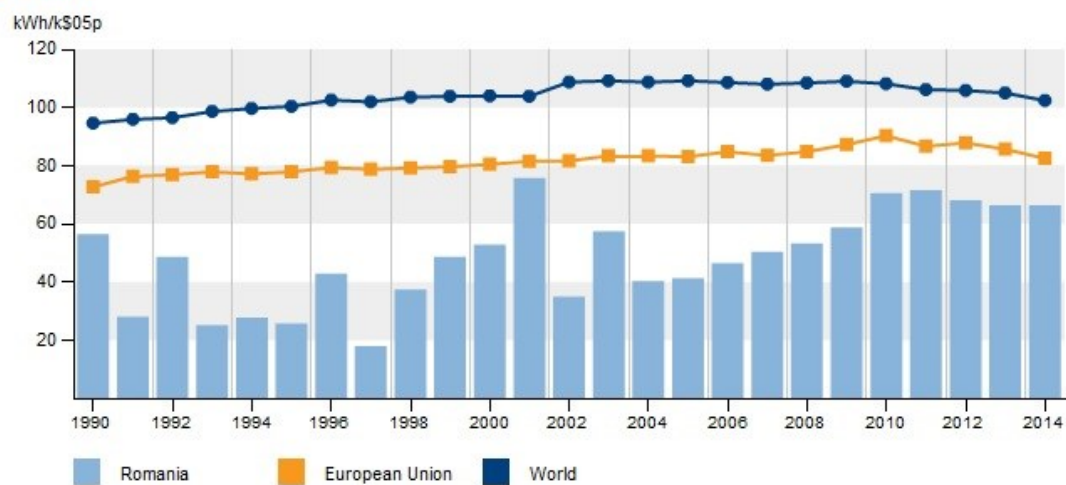

Intensitatea energetica pentru sectorul servicii (la valoare adaugata)

Romania

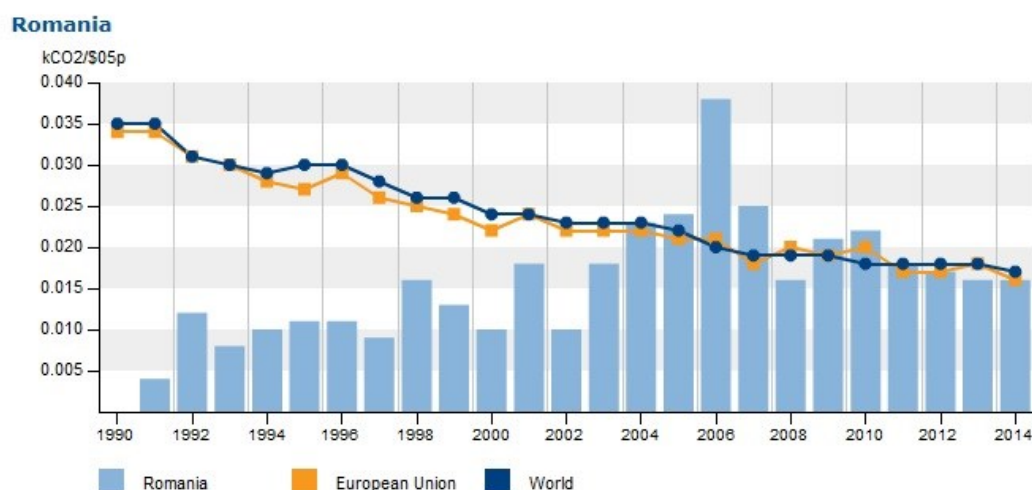

Intensitatea electrica pentru sectorul servicii (la valoare adaugata)

Romania

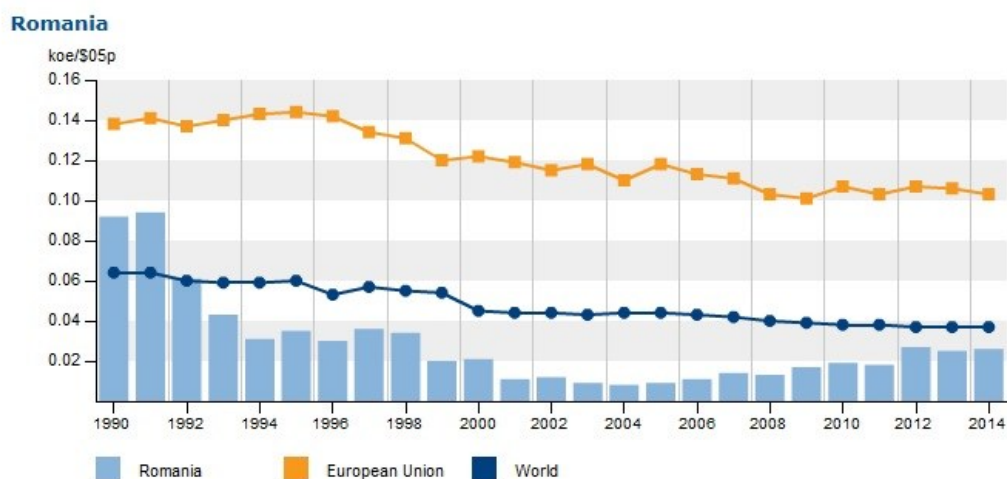

Intensitatea CO₂ pentru sectorul servicii (la valoare adaugata)

AGRICULTURA

Intensitatea energetica pentru agricultura (la valoare adaugata)

Intensitatea CO₂ pentru agricultura (la valoare adaugata)
